Analysis for Business Systems

University of Minnesota

Taha Tuncay

Business Analyst

PROFILE

As an innovative and growth-oriented Business Analyst, I am proficient in comprehending and analyzing complex business processes and developing technology-based solutions. I deliver effective solutions leveraging my experience in web services, API integrations, and end-user support. My development-focused perspective, fueled by personal AI projects, reinforces my motivation to contribute to digital transformation goals.

WORK EXPERIENCE

Business Analyst

Steel Sigorta ve Reasürans Brokerliği A.Ş.

2024-08 - Present

Spearheaded the preparation of comprehensive reports guiding the company's strategic decision-making processes. Actively managed web service processes, bolstering technological integration with insurance companies, and ensured the uninterrupted operation of Tebom.net. Continuously developed rapid quotation programs and provided seamless support to end-users, thereby sustaining the company's operational efficiency and competitive advantage.

Office Assistant, International Relations Coordinator

Ankara Yıldırım Beyazıt Üniversitesi

2023-10 - 2024-06

Orchestrated communication coordination for inbound and outbound international students, playing a key role in the university's international relations processes. Promoted Erasmus and similar international exchange programs to students, making valuable contributions to the university's strategic goals of enhancing global visibility and student mobility.

Frontend Developer Intern

Fiyat Performans Bilişim A.Ş.

2023-07 - 2023-07

Gained knowledge and practical experience in JavaScript and React technologies, leveraging these skills to develop expertise. Advanced capabilities in designing and developing user-friendly and dynamic web interfaces.

IT Intern

Kaçmazlar

2023-02 - 2023-02

Managed the installation, maintenance, and troubleshooting processes of computer systems effectively, ensuring the seamless and efficient operation of the company's technological infrastructure. Provided active support to billing processes, significantly contributing to the regularity of administrative operations and the efficiency of financial procedures.

PROJECTS

Smart Resume

<https://www.akiliozgecmis.com>

A program for creating a resume from scratch and improving your resume. It also includes a feature for tailoring your resume to specific job postings.

VOLUNTEER EXPERIENCE

Volunteer Instructor

AIESEC

2023-08 - 2023-09

Through AIESEC, the world's largest student organization, I volunteered for six weeks in Mumbai, India, in August and September 2023. Together with other volunteers from different countries like myself, we taught Indian children basic English as well as subjects such as Geography and Math. Participating in this volunteer project played a significant role in my personal development and my ability to adapt to a different culture. Additionally, I formed many connections with people from different countries.

Section President

Erasmus Student Network

2022-08 - 2024-08

I served as president of our university's section of the Erasmus Student Network, Europe's largest student organization. In addition to managing a team, I maintained close contact with other national and international ESN sections, thereby helping to raise the profile of our own section. I was also responsible for ensuring that the website "aybu.esnturkey.org" remained user-friendly and up-to-date.
